

# Color JUICE<sup>3D</sup>

CONCRETE COLORANT CONCENTRATE

**AMERIPOLISH®**  
architectural concrete products

Ameripolish® Color Juice 3D™ is a two component concrete color system designed to Color and Densify in one step. Color Juice 3D™ Color (part B) is added to Color Juice 3D™ Hardener (part A) to produce a ready to use Coloring Hardener. Color Juice 3D™ increases abrasion resistance, stain resistance, and decreases water absorption to help prevent freeze/thaw damage, and salt damage.

For added protection, use Ameripolish® X Link WB™ surface sealer, Ameripolish® DNS 400™ solvent-based sealer, or Ameripolish® SR<sup>2</sup>™ penetrating stain resistor.

## Transparent Color

GOLD	CARAMEL	SAND	TERRA COTTA
MAHOGANY	SADDLE BROWN	WALNUT	BURNT SIENNA
